Dear Posey:

I hope you receive this letter in time. I am writing you to Washington so you can take care of the matter there. I know you are playing Knoxville in Washington Sunday. First of all the man in Knoxville would not give us but 30% Sunday. This amounted to \$272.00. He also refused to play for the placards.

You told me on the phone we would get 35%, and you told me you would see to it that he paid for the cards. Mike sent 200 cards there for us, as he said that was the number you ordered for your game. I will look for you to get this money from him and send it to me. Please.

I also received a bill for from the man in Knoxville for the expenses of the game we were rained out. Was this my expence? What terms were we going in there under? Please let me hear from you right away on this, so I can send him the check if he is due it.

I know you have heard about the umpire situation by now. It is really something, but no more than I expect. I wonder how our president will handel this.

Please let me hear from you as soon as possible about all these things.

Very Truly Yours
